'Yes, and the janitor sassed me today when I wanted something lone."—Louisville Courier-Journal.

When your cup of happiness is full, I tell you what you do; Leave a little in the bottom for The one that follows you. -Life.

The man who gets upon my nerves
Is he, with lofty brow,
Who asks me every time we meet,
"Where are you working now?"
—Detroit Free Press. The year is young, but even so
"Tis time to sing a cheerful sons:
To breast whatever winds may blow,
And help to boost the world along,
—Chicago Record-Herald.

Eben—Dearest, when shall I get the narriage license? Flo—Not until I nive worn for a few months the engement rine you are going to buy for no.—Chicago Tribune.

Mother (reprovingly)—Don't you now that you should never let a man iss you? Daughter—But, mamma, it cams so forward for a girl to do the is inc .- Boston Transcript "What you farmers want is upliftn," said the Twe get a grand piane, steam hear and a private gas piant. All we want now is an elevator in the house."— Washington Stac.

Washington Stat.

"Please, mister, help a pore cripple," whited the husky looks. "Sure," rejoined the kindly old gentleman, as he handed out is quarter. "How are you crippled, my poor replied the hobo, as he socked in the quarter and made a hurried graway.—Chicago News.

"Why are some people so conceited, Edith?" "Tinat's so easy, Jack." "Is it?" "Yes. "Well, I don't hear your answer." "Berause they are men."— Nashville American. Meanley-No. sir, I don't believe in paying famey prices to have clothen made to order. Now, here's a suff I sought ready made for 30. If I should tell you I paid \$25 for it, wouldn't you believe it? Knox-I might if you told me over the telephone. Catholic Standard Tieses.

MUCH IN LITTLE. The Laplander can travel about 158 siles a day on his skares.

There is a difference between the fire departments of London and of New York city. The London department costs in cents a year for each inhabitant while the department of New York costs \$1.75 for each New Yorks.

or its kind in the world is under way in Mexico, where an oil pipedite is being built from Mexico City to Tamplic. It will climb mountains to an altitude of 10,600 feet within 50 miles. The electric furnace is capable of attaining a heat of 7,200 degrees. This is a fearful temperature and will melt almost everything solid known to man, in comparison with this heat a red-pot from bar would be called cold.

One of the greatest engineering feats

The Island of Curacao is visited by another affliction; millions of worms are destroying the corn crop, on which it mainly depends for food. The government is paying 60 American cents a litro (nearly a quart) for them, and securing great quantities.

Since the construction of the great Trans-Siberian railroad and the ex-tension of other means of communi-cation, the commercial importance of the great annual Russian fair at Nish-ni-Novogorod has been injured, while ie progress of Moscow has been ac-

The government is experimenting in san Francisco bay with a buoy bear-ng three huge rings of corrugated from sheeting, which echo the whistles of steam vessels. It is believed it will brave as effective in a fog as though he bue yitself furnished the noise,

Freight is handled in the Philippines by coolies who, with a bamboo pote and a place of rope, carry in a most crecurious fashion packages that are lable to drop and burst at any moment. Hence the need of good stock for the casings and reinforcement with iron strap bands.

The electrification of the Italian state railways has made such rapid strides that it has been decided to establish in Milan an office to deal exclusively with all matters relating to the electrification of the various lines. Resert will be had as much as possible to water power, as the Italian government is averaged.

THERE is no advertising medium in Eastern Connecticut equal to The Bulletin for business results.

MA CAN'T VOTE.
